**Description of Activity:**

The Sports Car Club of America (SCCA), is proposing to host a Rally Sprint on RS2477 county roads: Wilson pass, Tower road, and Keystone wash. All of these are improved roads with an average width of 14 feet. The vehicles participating in the Sprint are street licensed car type vehicles (i.e. Subaru, Ford Focus, Dodge Neon, Hondas, etc) with special dirt traction tires. Because of the type and weight of the vehicles the roads are minimally damaged; however, SCCA will repair any portion(s) of each road necessary. The event does not stray from the improved roads. Only one vehicle is allowed on the track at a time. A safety sweep for people and animals is made after each vehicle completes the sprint. SCCA participants acknowledge the Wild Horse and Burros in the area and SCCA will abide by BLM stipulations for OHV events. The event is only scheduled to last one day, with no overnight camping authorized.
